

activity sheet

have fun and learn some rail safety on your journey

spot the difference

maze

Can you get to the station  avoiding all the level crossings , roadworks , & runaway cows ?

where do we go?

Can you fill in all the place names?

true or false?

1. Runaway cows are the biggest problem on UK railways because their cowpats are really smelly.
2. Trains run 24 hours a day, every day, so there's never a safe time to play near the tracks.
3. Lumo trains are much quieter than many other trains on the line.

solutions
scan the QR code to find the answers

When you travel by train, you help to look after our precious planet. This sheet is printed on carbon balanced paper made from 100% post-consumer waste pulp, and we are proud to support the World Land Trust.

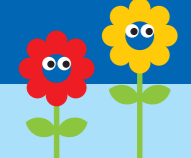

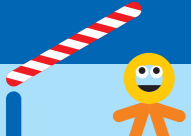

can you find
all the hazards?

I spy!

How many of these can you spot out the window?

	A bridge <input type="checkbox"/>		A passing train <input type="checkbox"/>
	Flowers <input type="checkbox"/>		Animals <input type="checkbox"/>
	A level crossing <input type="checkbox"/>		A wind turbine <input type="checkbox"/>
	A yellow line <input type="checkbox"/>		A tunnel <input type="checkbox"/>
